All colors come with a black edge band.

Outdoor Laminate

Construction

Division Twelve outdoor laminate table tops are manufactured using Trespa® Meteon® decorative high-pressure compact laminate and features an integral surface. Available in 4 distinct color options (Black, Pure White, Silver Gray and Slate Gray), all color options feature a 13mm thick ABS edge detail in a black finish.

Cleaning and Maintenance

Outdoor laminate table tops feature a closed surface that is virtually pore-free making it highly impenetrable to contamination and resistant to numerous chemicals and cleaning agents.

To maintain the table top, it is recommended to use clean sponges, soft nylon brushes or cloths. Please avoid cleaning agents with abrasive or polishing components, as well as brushes with hard rigid bristles.

In case of damage, table tops can be repaired using a small amount of acrylic paint with a fine brush to cover any potential scratches.

To maintain its integrity, outdoor furniture should be stored indoors or under cover in an upright position to allow for water drainage and/or protection.

Warranty

All Division Twelve merchandise is warranted to be free from material and workmanship defects as well as a 10 year structural and weld warranty. For further details, please refer to the Terms & Conditions.

Technical Information

Properties	Test Method	Property or Attribute	Unit	Result
